

ARGENTINA

Dear Beloved Brethren in Christ,

We rejoice in God because we can tell you what He is doing within us, and as we reflect, we can see His faithfulness and love for us.

Last month we had a Christian training camp; the goal was to be able to challenge the next generation to service, whether it be within or outside of the church. There were 70 people in attendance. We had a very special night of worship and called the people to surrender their lives to be used by God. More than half of the people stood up committing themselves to the work of Christ. It was wonderful! Members from other churches also attended and they were blessed by this event.

We took advantage of the winter break and hosted special activities with the children and youth. The evangelism group had prepared a skit that was well received. They also presented it on the main street of the city during a fair. It pleases me to see how the body of Christ is working and united in purpose.

Because of the intense cold and winter vacations, we have had to take two weekends off. We continue praying for places where we can assemble the people during these cold days. We are still working in three different areas. Please pray for this outreach ministry to bring glory to God.

By the grace of God, we continue to have three hours of radio time, Monday through Thursday, during which we share the gospel and reach out to the community. This is changing lives—praise God! Please pray that God will continue to bless this ministry and that He will provide the necessary resources. Pray for my time in the Word so that I can clearly and accurately proclaim His truths.

We have been preparing for the Children's Day festival for the little ones and their families. By the time you read this, we hope to have already hosted this event. So we ask that you pray for effective follow-up and that the Lord will use this event to bring lost souls to salvation.

Finally, please pray for the health of not only my family and me, but also for the people of this region. The temperatures are very cold (the pipes have completely frozen twice already)!

May God bless your work of love for us. We love you and thank you for your generosity.

With gratitude,

Pastor David Lamas
