Dear Brethren in Christ Jesus,

We greet you in the precious name of our Lord Jesus Christ. We, by the grace of our Creator, are doing well. We enjoy being under the wings of the Omnipotent God. Brothers, we cannot write another line without telling you of our gratitude. Thank you for your consistency with us, both in prayer and through your offerings. Really there is no reason for God to be so faithful with His children, but He is. All good things come from above. May God bless, brighten and strengthen you so that you may continue in His will, having a sensitive ear to His calling.

In the mercy of the Lord we continue serving Him. The children's activity, Happy Hour, is still going. However we are praying and analyzing different ways to attract more children—like holding the program in the park. We did this once already and there were good results. The youth group continues to be strong. Please keep praying for these young people, that they will seek God.

The women still meet every Friday in different homes. They share with one another and pray together. This is already producing fruit in that Carolina, who had fallen away from the Lord, came to one of the meetings and soon after opened the doors of her own home to the church. It is always encouraging to see God working in this way, showing us His great patience each day and allowing us to return to Him. Please pray for Carolina. Pray that she will be wholly devoted to Christ and that her husband will be saved.

Please also pray for the women's meetings because they are encouraged to invite unsaved friends; they faithfully share the gospel every time. During the meetings, the women are able to share praises and prayer requests, trials that they are experiencing and then they finish with the word of God and prayer. They know that it is the word of God that guides, sustains and encourages them to remain in His will.

We thank the Lord for the visit of our sister in Christ, Fanny Lainez and fellow brother, Lucas Ferrero. Lucas joined us in illustrating the gospel to children in the park where many people heard God's word. It gives us joy to see God at work.

We are nothing, but in His marvelous will He has given us the privilege to be His instruments. Praise the Lord!
