

## ARGENTINA

Dear Brethren,

It is a great pleasure to communicate with you one more time. Thank you very much for your prayers and financial support!

We held a special event at the beginning of the month with the entire church. It was a great blessing to spend time together. We had a barbeque and a wonderful time of fellowship, meditating on the word of God. This event helped us to grow in unity as brothers and sisters in Christ Jesus.

We continue to host our youth meeting on Saturday nights by the grace of God. We have more and more teenagers coming to the meeting every week. They are already preparing for summer camp next year. Our goal is to take 40 teenagers to it. This seems impossible to us, but God has shown His faithfulness these last two years. Please pray the Lord will provide all we need. We desire that ten of the teens we take do not know the Lord God.

We also hosted our monthly women's meeting and we see how the Lord is using this ministry for the growth of the women.

Last month, we began to test small groups to see how we can best integrate new converts into the church. This has been a great blessing for all of us. One of the groups is growing a lot. At the beginning, only two people came, but as the month progressed, nine people started to show up. We are using some videos that are helping us and making everything easier to understand. We are also memorizing Scriptures and studying the Bible on a daily basis. We want to grow both as a group (through our meetings) and individually (in our homes)! The small groups are a great way of growing, but none of this could be done without the help of God. To Him be the glory!

Three brethren from Australia came to our church last month. It was such a great blessing to have them among us, especially because we are preparing for our second missionary conference. We desire to be a church with a missionary focus!

We give thanks to the Lord for His care and protection. Again, thank you very much for your prayers and financial support.

With love,

Pastor Gaston Rivero
