

ARGENTINA

Dear Beloved Brethren,

We always give thanks to God for you all, making mention of you in our prayers, remembering you without ceasing in front of God the Father. We praise Him for the work of faith and love that you have shown toward us, being part of the extension of the gospel in this part of Argentina. Because of this, we share with you the work of the Lord in this area.

Graciela and Reina are two women in our fellowship who need our prayers; they are both believers. Graciela is firm in the faith despite many family fights. She attends worship regularly and is part of a women's group in Fatima. Graciela has asked that we pray for her husband and children, that they will come to saving faith in Jesus Christ. Reina also attends a women's group and is a light to her unsaved family. She is learning to place her trust in the Lord and to place her burdens on Him. Her husband's name is Alberto; please join us in praying for his salvation. We give thanks to God that Reina's daughter is now attending services. Her name is Lorraine. Please pray for Lorraine and her husband Roberto.

The following is the testimony of Cecilia (14): "I received Christ after hearing the gospel at church. At first I was a very carnal believer, but now I try to please the Lord in everything that I do. I have a daily devotional time and am always trying to win someone for Him. The pastor has helped me out a lot. I believe my life would be a serious disaster if it weren't for Pastor Santillan. He was always praying for me and speaking to me about following Christ. I have also made many friends at church who help me in my spiritual walk and help me in making wise decisions. My biggest struggle is my family. Although they know who the Lord is, they do not live like the Lord wants. At times it is hard for me to continue ahead because I don't feel their support in each step that I take. I am very thankful to the Lord—during the time that I was far away from Him, I realized that the world is an uncomfortable, stifling, dark place. But, by His divine love I can say that I live a life of grace. I am active in serving the Lord by hosting a small group in my house. I am also involved in the Bible club at church. I would like you to be in prayer for my family, especially for my dad who is the head of the home. He is separated from God and everything in my house is bad because the Lord is not the priority. I also ask you to pray for the salvation of my grandparents and for my spiritual growth."

I am currently teaching on purity within the church. It has been a great challenge for me and I am grateful that the Lord allowed my niece and nephew to be here during their holiday break and could hear the lessons from the word of God. They live in the province of Rosario and we are encouraging them to seek a church where they could meet. Their names are Erica and Maximum; their parents are Luis and Mariita. Please pray for them.

Thank you for your support and for investing in the gospel through our ministry. We love you with the unalterable love of Christ.
