

Dear Prayer Partners,

By the grace of God, we have made it to the end of 2011. Indeed, the steadfast love of the Lord never ceases and His mercies are new every morning! Great is His love!

As I reflect back on 2011, my family and I have enjoyed the Lord in both the good times and the trying times. We have seen the Lord provide for us and protect us. He is by our very side when we need Him the most. Patricia's ectopic pregnancy was probably the most trying time we have experienced as a couple. Through it, we learned more about God and were encouraged by the greatness of God in the creation of man. We were also convinced that life begins at conception and that we must live in the fear and admonition of the Lord. In all things, we have learned to be grateful to God because He knows best what we need most. It has been a joy to see our children, Warren and Karen, growing. We continue to pray for their salvation; we ask you to join with us in praying that the Lord will graciously direct them to the cross.

The ministry to which the Lord has called us to serve has been faced with a lot of challenges. It remains in my heart to see a biblical church emerge in the city of Lilongwe. The majority of the churches in Malawi are satisfied with shallow and false teachings. And, we know we are in trouble when we hear that Muslims are using the Bible to convert people who say they are Christians to Islam. This is because these so-called Christians are deprived of the truth of God. They need to learn the deep stuff, the hard stuff—the solid teaching of Christ. IBF strives to preach the treasures of God faithfully and for His glory. My major concern is that those who have been benefitting from this preaching of the Word are not from Malawi, but are from other countries and they will one day leave the locals immature and satisfied with milk and not solid food. This is why my wife and I desire to see ways to impact the locals and have the hope that, if the Lord wills, there will be a church established in the city that will support its own pastor. Last month we had the opportunity to reach out to many locals and visitors. I pray the Lord will bring His Word to fruition in their hearts.

When I look at White Fields as my employer, I honestly think that I must be the most underperforming employee you are currently supporting. I say this because I don't have big numbers to show and no captivating pictures. Yet you continue to financially and prayerfully support us. To this end, I shall forever praise the Lord. I am sure this is not going to waste, and I am certain the Lord will one day bless our labor. Thank you very much.

In Christ,

Pastor Kondi Nyanda
