

MALAWI

Dear Prayer Partners,

Our God is faithful; He knows our future, He knows our ministries and He provides strength and encouragement when we are weak. The Lord has blessed our family so much. The accident of which I wrote about last month was very disturbing, but the man is now out of the hospital and back with his family. Great is His faithfulness! We have additional reason for rejoicing as we have just found out that my wife Patricia will have a baby! Please rejoice with us.

The ministry has been very frustrating, but the Lord has been the source of strength for us. I have had many expectations as to the things I wanted to accomplish, but almost none have been attained. I know that God's plans do not always coincide with man's plans, and the Lord has been teaching my family and me lessons on trusting Him fully. I am learning to trust Him to provide for me as I serve Him and am comforted from the words of Scripture, "Trust in the Lord with all your heart...and He shall direct your paths." (Proverbs 3:5-6)

More people have been coming to our Bible study, and they want to be called a "church". This Bible study has been meeting on a college campus, but now we are contemplating a move to a location nearby where most of our members live.

We will begin leadership training with some of the men soon, teaching them God's qualifications for church leaders. It has always been my heart's desire to see a solid indigenous church based on the Bible growing here in Malawi. Having Christian leaders who busy themselves teaching the word of God is an important way to accomplish this.

I would like to thank the Lord for what He is doing in our lives, and I would like to thank you for your support. We know that the Lord is using your finances in these tough times to help people like me continue to serve Him. May God continue to bless you.

In Christ alone,

Pastor Kondwani Nyanda
