PASTOR S. KAP

Dear Prayer Partners,

Though it rained heavily during the month of August, we were able to continue our weekly Bible studies, prayer meetings and worship services. We are thankful that U Maung and U Tha have been regularly joining our services. Both of them told us that they have received the Lord Jesus Christ as their own Savior and Lord. Praise God for answering our prayers.

During my outreach ministry I shared the gospel with two ladies, Daw No and Van Nei, who were selling vegetables at the market place. They were very open to what I shared and asked many questions about salvation, which I tried my best to answer. Though they did not confess on the spot, both of them are interested in the story of salvation. Please pray that they will come to the Lord Jesus and be saved.

I had a good time on my visit to another village where I shared the gospel for two nights. This village is about 20 miles from my place with a population of mixed tribes, mostly Chin with some Zaw and Burmese. While there I was informed that their neighboring village was experiencing an infestation of mice which were attacking their fields and destroying their crops. They need prayer that their crops will not also suffer. Pray that the people will be spared from famine.

I always give thanks to God for you in my prayers, asking that He will continue to bless you and use you for His kingdom.

Your coworker in the Lord's field,

Pastor S. Kap
