Dear Prayer Partners,

Though the rainy season is a season of sickness, the Lord has been protecting us—my family and all the church members have been in good health. We are very thankful for this. Our weekly services have been conducted regularly with prayer meetings on Saturday, Bible study on Wednesday and home cells on Friday.

I am glad to share with you that our new church building is now 80% complete, and I hope to be able to conduct thanksgiving and dedication services during the Christmas season. By God's grace, my members have been enthusiastically participating in the construction—carrying logs two and a half miles completely by hand.

My three-day home cell program at Lian's house was successful; all of his family confessed their sins and received Jesus Christ as Savior. Lian's wife, Than, was already a Christian, and now her family has joined her. Praise the Lord. Lian shared, "I am very happy with this program. Though my wife and other believers had prayed for my salvation many times, I believe that this was God's timing for me and my family. I am very thankful to God for keeping my life from death and destruction, for if I had died before meeting Jesus, I would have gone to Hell. Now I have confidence that I have eternal life through the Lord Jesus Christ. Praise the Lord!"

I also met two men, U Kip and U Kawl, both of whom are 70 years old. They had heard the Word before, but were never changed. When I shared with them, they listened and were touched by the Holy Spirit. They promised to come to church and have continued to faithfully attend. Praise the Lord for this.

Unfortunately many mice have reached the Chin state and have destroyed many fields. Please pray for this situation and for the people who are suffering from want because of it.

I am very grateful to all my prayer partners. Thank you for your faithful prayers and financial support. They are making an impact here in Myanmar. May God bless you all.

Your co-worker in the Lord's field,

Pastor Thuan
