declare His praise in the islands.'

Dear Prayer Partners,

Praise God for our new contacts. A young man named Manny came to church at the invitation of his friend, Emerson, who is one of our youth. Manny is shy and reserved because he has never before attended a church. He is having a hard time finding a job to help support his family, and I admire him for the concern he has for them. Please pray that he will be able to find a job, and pray for me as I share the gospel with him.

Another new contact is Nita who is Rose's neighbor. Nita attends our Bible study every Saturday and received the Lord Jesus Christ last May when I shared the gospel with the Bible study group. Nita's husband is not a believer, but she is doing her best to be a good witness to him. I hope to meet her husband one of these days. Please pray that the Lord will open his heart.

We had a luncheon fellowship after our Sunday worship recently as a thanksgiving to God for His faithfulness to us in giving us a place where we can continue worshipping Him. We are also very thankful for the completion of our comfort room (bathroom) and to Pastor Leo who helped to raise the funds.

Please help us to pray for Girlie, Ryan's wife, who just stopped attending church. She was ministering as a song leader and Sunday school teacher. I tried to visit and talk with her, but she avoided me and is avoiding the other members as well. Now we are waiting, hoping and praying that one day she will show up again with an open heart. Pray that the Lord will use us in her life.

We always have a good number of people in our Bible study. They are interested in what God's word has to say, and most of them are sharing their thoughts in class. They also ask many questions and invite others to join us. Almost every week there are visitors. We are meeting in Rose's home which can accommodate more people. Our only distraction is the heat and high humidity.

Thank you for your prayers for us and for your faithfulness to the Lord.

Faithfully in His service,

Pastor Gerald Torres
