Dear Prayer Partners,

Join me in praising God for the wonderfully supportive family with which He has blessed me. Since the beginning, my wife and children have always been there to help me. My wife teaches the children every Sunday. She is also teaching the youth in the community every Saturday, and then leads a Bible study in the home of Mrs. Chiong in the evening. My children, Stephany and Kenkriesler, invite the youth and children in the area to attend our Bible study and Sunday worship. Through them, many children have received the Lord Jesus Christ. They encourage the youth to continue attending the activities. I pray that the Lord is well pleased with their efforts.

We conducted our first outreach Bible study for children in two different areas in the community. The one in Caridad Norte had 115 children in attendance. We held it in their local school. Praise God that the barangay officials extended their help, as well as the principal who allowed us to use four rooms in the building. The second area was in San Pedro, Poblacion Matalom. The number of children grew from 70 to 185 due to the cooperation of the parents. I asked for financial help from the city and invited the zone supervisor to the closing ceremony. God not only opened the door to share the gospel with the children, but with their parents. I thank God for the success of this activity and to those persons whom He used to make this possible.

The Lord continues to bless this ministry to the children. We also conduct a monthly feeding program, and visit their homes every Tuesday and Thursday. This presents the opportunity to meet their parents. Pray that God will continue opening doors for us to further His kingdom work.

One other way the Lord has blessed this church-planting ministry is through the STEP seminar that I attended. It was an experience I will never forget. Not only did I gain insight into the work of the ministry, but it blessed me to fellowship with other pastors who are toiling in the fields. When I went home after five days, I was so eager to preach that Sunday. I really wanted to share what I had learned with the people. I continue to pray that White Fields will not waiver in their desire to equip the front-liners in the ministry. Praise God!

Serving Christ,

Pastor Freddie Guinang
