Dear Prayer Partners,

One of the active grandmothers in our church is Corazon Vergara. She came to know the Lord Jesus Christ through her nephew, who regularly attends church. He had been telling her how the Lord was working in his life and invited her to join one of our Bible studies. God spoke to her heart when she came. She heard the gospel and responded positively. After that day, she says that her life has not been the same. She reads the Bible now and is a dedicated and supportive member of the church. Her faith in the Lord is very strong and she encourages her children and grandchildren in the Lord. She says that every time she serves God, He is glorified and honored. She inspires all of us and I pray that through her good testimony, many will come to the saving knowledge of our Lord and Savior Jesus Christ. Please pray for Nanay Corazon. Pray God will grant her good health so that she will be able to bring her whole family to the Lord.

We recently reached out to the senior citizens of our community through a ballroom dancing program. Twenty-five seniors heard the word of God. Some received the Lord and are attending church. We are establishing good relationships with them and are starting to visit them in their homes. Some of them live with their sons or daughters who have families of their own. This may be the start of something very good in that we can reach their respective families. Please pray for these seniors, that they will truly commit their lives to God and that they will grow spiritually. Pray also for softened hearts among their families.

The following is the personal testimony of Herlina: "I have two children and am a single mother. I am a street vendor and earn money by selling products. My first marriage did not work out because my husband was physically abusive. He even attempted to burn us alive, but we escaped his violent hands. I decided to leave him and start a new life. I met the man who fathered my second child and I thought our living together would change my life. It went from worst to better, but I am sad to say that he was a womanizer and left us for another woman after a year. I felt terrible and worthless and I thought God had already forsaken me. I felt very bad, but deep inside I began longing for God. I knew I could rely on Him. I prayed and asked Him to help me find the right way. My daughter invited Pastor Sonny to my house for a Bible study. It was then that I received the Lord Jesus Christ into my life. My life has been changed since I trusted in God. I accepted the truth that only God can heal my pain and hardship. Every Sunday I attend the worship service and I have peace in my heart. Please pray for me, that God will sustain my two children and me."
