Dear Prayer Partners,

Greetings to the house of God in the precious name of our Lord and Savior Jesus Christ. We wish to acknowledge the daily opportunity of serving Him and being blessed by His loving hand that works such amazing miracles. Thank you for allowing God to use you in this ministry.

I recently had the opportunity to travel to the United States. I stayed with a Baptist church family in the east where I was mentored and trained. It was a time of spiritual refreshment and encouragement. I am humbled and amazed by such a great love that was shown to me. I learned a great deal, particularly regarding the bigger picture of making the gospel known throughout the entire world.

The reception I received at home was good. The church body, schools, police stations and clinics in which I serve were all eager to hear the testimony of my trip. They were motivated to hear the good things I had to share. They were interested in the country's economy, the people, and the programs (such as free, public education and transportation). They also wanted to hear about the means of transportation and safety—regarding pedestrians and road-users. Your country has far fewer accidents than we have here.

While I was away, the church saw the importance of spiritual growth, especially with regards to being without pastoral leadership. I have noticed a few new faces who visited us in my absence and have stayed on. This was exciting for me to see.

Overall, the trip was a blessing and turning point for my ministry, in terms of growing from one level to the next. It also blessed my life. It was as if I had gone back to college, yet I was in a practical field with my mentor right next to me.

Give thanks to God for making all of this possible. May the efforts of those who support church planting be blessed in every way.

With regards,

Pastor Titus Noinyane
