

Dear Prayer Partners,

Greetings in our Savior's name.

Our Bible studies are doing well. We have a consistent group of about twenty-two believers who meet regularly, most of whom are youth. Instead of beginning a new Bible study, I introduced a prayer time that meets every other Monday evening. On the alternate Mondays, we have our men's and women's meetings.

One of my Bible studies is with Hugh and Zuretta Schutte, whom I have mentioned in previous reports. Pray that through this study Hugh will recommit his life to the Lord and his wife will understand her need to give her life to Christ.

I also have an afternoon Bible study with the Williams family, and I am very happy to share that Vernon Williams has made a recommitment to the Lord. A few days after that, his wife gave birth to their second child. I am excited to see what the Lord will be doing in this family. Pray that God will open a door of employment for Vernon.

Our growing Sunday school is in need of additional staff. Please pray that the Lord will bring forth people to help in this vital area.

We are continuing to plan for the youth camp in September in East London. Please keep us in your prayers as we plan so that we will be sensitive to the Lord's leading. Pray that many youth will be impacted.

Please continue to pray against the strongholds of alcoholism and traditionalism. Alcoholism is breaking down families and our community. Traditionalism is keeping the people from knowing Jesus Christ as Lord. Pray that God would work mightily in these areas.

Pastor Sander is having health problems. He had a tumor removed from his bladder a short time ago. Please pray that God will grant him complete recovery.

Thank you for your faithful support and prayers.

Yours in His service,

Pastor Brandon Olivera
