

Dear Prayer Partners,

Our church is healthy and growing. The word of God is our guide; it helps us to walk and live our day to day lives in a way that is worthy of our calling. We desire to “work out your own salvation with fear and trembling” (Phil. 2:12) and depend on God’s will in everything.

We held tent meetings along with another Baptist fellowship that is also planting a church. It was a blessing to work together and share ideas in this evangelical endeavor. The meetings went well and the word of God was faithfully preached. Many of those who attended were already Christians, but others repented and gave their lives to God.

We are happy to have a branch work at Thononda. There is a lot to be done there as it is a new work. The first Sunday, we weren’t sure if anyone would come, but by God’s grace a few people showed up. On the next Sunday, however, there were many people in attendance which made us very thankful to the Lord.

We held our annual welcome function during the school holiday. Churches from Gauteng got together for outreach training and to help the churches with their ministries to children and youth. Others were involved in knitting clothes, etc. This function is helping us a lot, and we thank the Lord that we can be partners who help one another grow in ministry.

Our family has gone through a very sad time. My late brother’s five-year-old daughter was unexpectedly killed when a wall collapsed on her chest. Because my brother has already passed away, I was responsible for her funeral. It was a difficult time, but we thank the Lord who strengthened us through it all and continues to shield us with His love. Please pray for the family and especially for my sister-in-law.

Among other things, my plans for the next months are to involve more mature youth from the mother church to help the young people who are new believers, to start a discipling class and to involve the new church in music and drama.

My house is now finished with the exception of having glass in the windows. Thank you for your prayers on our behalf and for all that you do to encourage us in our ministry. May the Lord richly bless you, and may He continue to bless us so that we can keep on with the work.

May the Lord sustain you as you continue to live for Him.

In the name of Jesus,

Pastor Rodney Rembuluwani

RODNEY REMBULUWANI
serving in **DZAMBA BAPTIST CHURCH**

PRAYER REQUESTS

- *Pray that the new work in Thononda will grow and draw others*
- *Pray for those who received Christ at the tent meetings*
- *Pray that God will grant wisdom, understanding and direction according to His will*
- *Pray that the financial needs of the Thononda branch will be met*
- *Pray for Pastor Rodney and his family as they mourn the loss of his niece*

The next generation
is ripe for the harvest.
